NOTE: Crates may be put in the bleachers as long as they do not block the stairs.

PARKING - There will be a \$7 per day parking fee imposed by the arena. Fee must be paid by credit card -- **NO CASH!**

CHECK-IN / MEASURING

We will not be using Armband labels at these trials. However, you will need to know your Armband number in order to do an At Trial move-up. Please bring a printed or an electronic copy of your trial confirmation so you will have your armband number with you. We will have five Volunteer Measuring Officials (VMOs) at our trials. All dogs needing to be measured must be measured by a VMO prior to running. Measurements will take place from 7:15am to 7:45am each day. Additional measurements during the trial are subject to VMO availability. Please remember that our VMOs are also exhibitors and are “Volunteers”!

New for November Concord!!

Thank you GMKC for using Agility Gate for this trial

- **Gate sheets** - We will be using the Agility Gate app for an electronic gate. This allows exhibitors to check in for their runs through the app and to follow along by looking at the gate sheets as dogs are crossed off when they run. To use the Agility Gate app, please download it from the Apple App Store or the Google Play Store – please download the Agility Gate (purple background). Gate Steward (orange background) is for the gate iPads.
- **Exhibitors are responsible for arriving on time for their walk-thrus and runs.**
- There will be a Display iPad for each ring mounted onto the cattle gating in front of the practice jump. Exhibitors who do not want to bring their phones down to the ring can use these to check in or to track ring progress. There will also be a preliminary running order on our website prior to the trial.
- **NEW:** You can also generate a printable or **savable pdf version** of the running order you are currently looking at by pressing the icon that looks like a document on the upper left side (next to the class name). This saves the current version of the run order onto your phone!
- The course maps will be posted onto Agility Gate.
- **NOTE:** You do not need the Agility Gate code to look at the maps – only to check in. This means you can look at the maps from any trial or event that is being hosted on Agility Gate!
- I will be email out the Agility Gate code for Concord prior to the trial.

CONFLICTS

It is the exhibitors' responsibility to be at the ring with their dog when it is their turn to run. To the extent it is possible and consistent with maintaining a smoothly flowing event, we will attempt to help accommodate running order conflicts.

Take responsibility by making sure that potential conflicts are marked ahead of time on Agility Gate. Please work together with your Gate Stewards – they are all volunteers!!! Check-in BEFORE you walk. Please understand that conflicts not noted before missing your turn to run will likely result in forfeiture of that run.

Exhibitors running multiple dogs within less than ten dogs of each other may make arrangements with the Gate Steward to adjust their running order. **Exhibitors are NOT allowed to move their dogs on Agility Gate.**

This MUST be done by the Gate Stewards. Multiple dogs must run in the posted Running Order. In other words, the first dog may be moved up, or the second dog may be moved down, but they may not swap positions in the running order.

Running order changes requiring that a dog be run outside the normal completion of its jump height class must be approved by the Judge and/or Score Table.

In order to keep the trial moving, we cannot allow a ring to remain idle, waiting for dogs with conflicts.

If you have a conflict, it is YOUR responsibility to check on the Ring progression so you don't miss your run.

Working together, we will do our best to help accommodate conflicts. Be assured that we also appreciate concerns for competitive fairness. Teams presenting false conflicts in order to gain an advantage over other teams will risk excusal from the event without refund.

If you have questions, please consult with the Score Table and/or the Trial Coordinator. Thanks in advance for your help!!!

Every effort will be made to accommodate conflicts with multiple dogs. Conflicts **MUST mark a 'C' by your name on Agility Gate or you will be marked ABSENT! You may also run at the end of the **earlier** height group or at the beginning of your height group instead of at the end.**

If you think you will miss your scheduled walkthru due to a conflict, walk with an EARLIER jump height!
